Dear Lou:

Thanks for your letter and the paper with corrections. You caught many of the typographical errors and other minor problems as well as the major (albeit unintentional) errors. Your corrections are most helpful and will be incorporated into my final draft.

I thought the copy of the letter from the Milwaukee Gay Organization in 1975 was very interesting. Thank you for sending it on to me.

The paper will be published by the end of this year. I'm glad you were able to make the video tape interview with Dr. Pauly and Walter and I also plan to be at the other Benjamin symposium in Cleveland and will be presenting our data on more subjects. Therefore, we will certainly have this issue resolved by then.

I have also submitted a proposal to present your case at the International Academy of Sex Research Meeting to be held in Minneapolis in August of this year.

Best Wishes,

Eli Coleman, Ph.D.
