reetings from the fabulous

world of Drag Queens and Drag Kings, cross dressers and divas, muscle boys and lip-synchers, gays, lesbians, bi-sexuals, transgendered and...you get the idea. We embrace diversity and glamour; fund-raising and cross dressing!

In 1965, Jose Sarria, the country's first openly gay political candidate (for San Francisco Supervisor) founded the Imperial Court System and set the Court standard of humor, heart and humanitari-anism which today governs more than 70 royal courts and baronies in the United States, Canada, Great Britain and Mexico.

The Imperial Court of New York, founded in 1986 under the aegis of Empress I Sybil and Emperor I George, is part of this proud tradition. The court is a social, fund-raising organization, (most notably through the annual Night of A Thousand Gowns) and has donated back into the commu-nity more than \$250,000 to both social service organizations and AIDS/HIV support groups.

The members of the Imperial Court are people who have chosen to make a commitment, get involved and make a difference in the Lesbian, Gay, Bisexual and Transgender Community. Our membership is broad and varied. Our members are lawyers, doctors, therapists, ministers, restaurateurs, stockbrokers, hairdressers, marketers, performers, accountants, teachers, florists, anti-que dealers, jewelers and many other profes-sions.

We are glamorous. We are fun.
We are everywhere.

*H*ave you ever wanted to be royalty? How about a Countess? Why stop there? Why not be a Duke, or a Prince? Ultimately, you could become the Emperor or Empress of New York.

Such are some of the perks of belonging to the most fabulous party in town! New members join the Imperial Court as a Lord or a Lady (many of our members stick to the gender given them at birth). Based on a member's dedication to the Court and its causes, one can be elevated in rank from Baron/ess, all the way to Prince/Princess Royale. Brilliantly, these titles are given for life. Those who work the hardest and help to raise the most money for the Court's charities may even be rewarded by being elected Emperor or Empress - an honor and a tremendous obligation.

The Monarchs represent the Court at dozens of events sponsored by a variety of organizations and travel, as representatives of ICNY, with their entourages to the coronations of new monarchs around the country.

What sets us apart from everybody else besides the big hair, bigger jewels and really big dresses is our attitude: humor, heart, and humanitarianism. These are the keystones to all 60-plus Courts in the Imperial Court System, founded by the visionary activist Jose Sarria in San Francisco over thirty years ago. Our Founder, known as Empress I Jose, the Widow Norton, is recognized around the world as one of the pioneers of the gay and transgender movement. Jose's legacy is part of the gay studies curriculum which is blossoming here in New York at the Center for Lesbian and Gay Studies at the City University of New York, as well as New York University and Columbia University.

Members of the Imperial Court must be dedicated to the causes and charities of the organization. Our two-fold mission encompasses both a social and a philanthropic design. Moreover, for as serious as we are about our mission and our role in the community, we can't deny that many of us also participate for the zany fun and creative outlet that the Court gives us.
