Dear Lou:

I read your handbook with interest and I think it is a good beginning. I was particularly interested in your sketches of women who lived as men. I listed many others in my books including The Subordinate Sex: A History of Attitudes Toward Women and in my Sexual Variance. There are others whom I run across. Should I send the names on to you. Perhaps we ought to get together and do a pamphlet on these women alone. Put me on your mailing list. I worked with Jude in California when I lived in L.A. and have been close to him over the years. I have corresponded with Rupert nearby in Toronto but have never formally met him.

Keep me informed.

Best wishes

P.S. I put the titles down to impress you.
