

Dear Nick

2-3-81

Apologies for not getting back to you sooner & thanks A LOT for the copy of the ltr to you from Dr Reynolds in OK. It helped me a lot & I incorporated some of the info in my F-M bklt which we are distrib thru Janus. Im encl a copy for your info & review. I cant imagine where you got the idea that PW has a penile prosthesis. There's no such thing. In fact Walkers' a psychotherapist & not a med doc. I dont know anyone who has any such prosthesis & seriously doubt that one exists. Well Nick I really have nothing new to say so I'll just send you my pamphlet & my best wishes
