LOOKING BACK

The 1994 Fantasia Fair was the 20th Anniversary of this wonderful annual event and my second. This Fair was the first to move from 10 days to the one week, 7 day format, we have today. There were about 100 Fair goers. It was another fabulous week of late nights, square dancing, dynamic people, and a full schedule of personal development workshops. My new found friend Katrina and I went to every workshop! We cried with joy at least once every day, and I think I kissed more males during that week than I did in my entire life! Niela, along with a new presenter she recruited, Roger Millen, had finely honed her skills in bringing out the most thoughtful and sincere aspects of TG life in all of us. It was also the year in which Fair organizers realized how much our community had grown, both in numbers and in knowledge. All those years of education was paying off with explosions of expression. OGIS Board member, Sandra Cole also presented fabulous seminars about the growth and future possibilities of our communities. The Crown and Anchor was *the* place to be for almost all of our events. The Diversity Dinner was still called the Town and Gown Supper with many locals attending and participating. The Fashion Show and Follies were huge successes with hostesses Andrea Susan and JoAnn Roberts respectively. Remember how tiny that backstage dressing room was? Mariette showcased some of her stunning photos from her past 14 Fair years. The famous (infamous?) Red Nail Run, a jog in high heels, was held up Bradford St to the monument early one morning and one evening, scores of us went to the Post Office Café to see the dazzling Marilyn Monroe impersonator Jimmi Jones. The 20th Anniversary Fantasia Fair was a huge success, and so will be the 25th. BV

THAT'S LIFE

The Sissy Show

Anyone who missed Fan Fair alumni, Katherine Harvey and Chris Howey's stunning music and lyrics last night at Town Hall missed a fabulous show. Although still in production at show time, this TG musical not only has the power to captivate any transgender person with its candor, it also has tremendous educational value. This was an historic event since this was the first time the show was presented in its entirety. Katherine's music was lively, bright, and entrancing. Coupled with Chris's personally moving, and often humorous, lyrics, this show has the makings of becoming a tremendous outreach tool for the entire LGBT community exposing our universal feelings of despondency and personal confusion to the rest of the world. The show's music is available on CD from Katherine Harvey. Please support them in this poignant endeavor.
