### **Outreach Awards Banquet Night**

The Outreach Institute awarded Mariette Pathy Allen with it's highest award for her work with the Gender Community.

Mariette's book, "Transformations", has opened the door to our community and the people within. Mariette noted in her acceptance speech that her first encounter with our community was in New Orlean at a hotel where a cross-dressers convention was being held. She say a group modeling swimming suits by the hotel pool and was facinated with one individual who's eyes touched her soul. Upon meeting the individual she found this person to be a neighbor and through later discussions helped Mariette gain enterance into the small community of cross-dressers who were active at that time.

Outreach and the whole community honor and appreciate Mariette Pathy Allen for her continued love and dedication to our whole community.
