

About the Outreach Institute

The Outreach Institute of Gender Studies is committed to programs which broaden understanding of our community, offer resources to Health Care providers, further the personal growth of individuals facing gender related issues, and inform the public of the diversity of gender. OIGS is a not-for-profit organization with all proceeds dedicated to supporting the above goals. Over the past 21 years, the Institute has pushed back the frontiers of ignorance and bigotry by representing our gender concerns to important professional organizations such as the Society for the Scientific Study of Sex, Association for Humanistic Psychology, and the American Association of Sex Educators, Counselors and Therapists. Fantasia Fair and the Outreach Institute stand proud of their important, achievements.

About Fantasia Fair

Fantasia Fair was conceived in 1974 by members of a club called Cherrystones of Boston. Fantasia Fair I (1975) had about 40 participants. From this humble beginning, the Fair has evolved, each program building on the previous one, expanded or modified to incorporate the many facets of the crossgender community. The Fair is basically a holiday experience for the crossdresser/crossgender community. It is a mix of practical, social and educational opportunities designed to help in the personal growth and heightened awareness of one's "femme" persona. Included in this smorgasbord of activities are the beauty program, seminars and workshops, cocktail parties, awards banquets, fashion show, and our own special talent show.

About Provincetown

Provincetown, located inside the sheltering curl of Cape Cod, was the first landfall for the Pilgrims on November 21, 1620. Shortly after landing, the Pilgrims gathered on the Mayflower and drew up the Mayflower Compact, which is considered to be a root document of our Constitution. Provincetown has been inhabited from the beginning by people clearly focused on living as they wished. The town also has a storied heritage involving the visual, theatrical and written arts. It is this history that has made Provincetown both a symbol and an embodiment of the respect for individual human rights. Its large gay population is active in all aspects of the municipality, and lives side-by-side with others in friendship and cooperation. Over the years, many of our friends from Provincetown have worked hard to make the Fair possible. Fantasia Fair has found a home in Provincetown, and we want you to share it with us and the remarkable, caring people of this wonderful place.
