Dear Ms. O'Brien:

Thank you for inquiring about FTM.

FTM is a peer support group exclusively for female-to-male transvestites and transsexuals. Our membership includes females who are interested in crossdressing only, and those who are considering making the change to male, as well as female-to-males who have been living as men for over a decade. In addition, we welcome women and men who are interested in meeting female-to-males for social dating.

Since December 1986, FTM has been holding get-togethers every three months and publishing a newsletter, which is available free of charge to members. Approximately 20 female-to-males attend each get-together.

I have enclosed the latest copy of our FTM Newsletter for the client mentioned in your letter. Please have him contact us if he is interested in being placed on our mailing list for future issues and invitations to our get-togethers. The next meeting will be held in San Francisco on September 16.

Yours in liberation,

Lou Sullivan

To Whom It May Concern:

I would like to request a copy of your Female-To-Male Newsletter as I have a client who may be interested in it. I was speaking to Dr. Mildred Brown and she gave you as a reference.

Please mail it to me at the enclosed address. If there is any charge for it please let me know.

Sincerely,

Barrie E. O'Brien, M.F.C.C.
