Dear Allan -

Here are the articles I have on Jack Bean in Manila & I'd be delighted to see mention of him in your book. Unfortunately it doesn't look encouraging as far as my getting hold of microfilm of Hawaiian or Manilan newspaper articles about Bean - Their libraries won't lend the film but will copy any "specific" articles I might want, but as you well know, it's really a matter of searching each page.

Thanks again for your time & words of encouragement. He

other day. It really helped me,  
and thanking you in advance  
for copies of your Bear articles  
... I'm looking forward to  
reading that Klondike one!

Until next time,  
Lou

P.S. I'm writing a "Members' Works  
in Progress" article on Bear  
for the SFBAGETS Newsletter &  
am quoting briefly from the  
letter you sent me in 1979.  
I'll send you a copy of the  
article "for your approval"  
before printing it, OK?
