### HELLO AGAIN

Present at the February party were Ren'ee and Karyn, Dawn and Tamie, Rachel and Mindy, Brandon, Rose and Rae, Madam Sapphire, Diantha, Danille and a special friend Carol. The evening consisted of a lot of talking and a lot of dancing we all had a great time and again we were treated great. Everyone was informed we will have new additions to the clubs schedule. As you can see by the above

list we will have two meetings. Also two Parties and at last our mates will have the support they deserve. It's about time this happened, we as a group, as a community deserve it. We are expanding and coming together and have some good people working to make this group the finest in the country or possibly in the world. To accomplish this we need your support, send in your dues and news letter fees they are due January 1st of every year.

"I am George Lampberg."

Remember the dues for 1987 are due, if you would like to pay by mail make the checks or money orders payable to R. [redacted] or K. [redacted]. The dues for 1987 are \$30 full membership \$5.00 more for significant other if they want to be a full voting member. If the person does not want to be a full voting member they are still entitled to attend the other functions. The newsletter only fee is \$15 per year. The party fee has been lowered for the party to \$3.00 both partys will be \$3.00 and the Rap groups will be \$2.00 per person. Join the fun once again we have a place to meet and talk without loosing the fun of being out

If you are interested in working for the clubs growth attend a meeting and volunteer for a committee or to help we need you! The next meeting will be 03/27/87. For more information please call or write the club. The club will soon have it's own phone with an

answering machine on it so call, leave a name to ask for when we call you back, and also leave a number to reach you at. The only people who will have access to the machine are the officers of the group and they will NOT give out your number or name and WILL follow all instructions given so please leave complete instructions. You may not make contact if you don't leave a number to make contact.

THE PARTY! started at 8:00 pm and ended around 1:00am it was a fabulous party every thing was great.

Now about the new changes 1st we added a second party for the people that have a problem with public appearances this will help them with themselves and the issues they face. The party at the 145 Club will remain intact, as long as interest is shown for the party there, we will support it and have it. The second is the support group now they have a place to meet and things to do and a regular meeting to do it at. The last is the rap group, a meeting to get in touch with yourself, and find out you are not the only one that faces the problems of cross dressing, and a way to feel better about yourself.

 The Quest for Feminine Glasses

Virginia Prince, in her book, "How to be a Woman though Male, states that a lot of sales people don't think twice about male customers who purchase female apparel for themselves, they have a job to do, and that job is to sell. Who really cares that the dress Dave just purchased is for himself? All of this sounded very good in theory, but I had serious doubts when it came to being fitted, for a new pair of glasses, feminine ones.

This afternoon I went to the vision center. Happily I found, that because of the snow storm it wasn't too crowded. I checked in and got to have my eye exam within minutes. Nothing too serious yet. Everything was fine so back to the waiting room to wait to be fitted. A young woman waited on me. She asked if I had any idea of what kind of glasses I would like, I showed her a picture of what I wanted and was directed to several racks of frames. After a few minutes I found a pair I liked, and went back to the counter. The salesgirl came back and asked if I had made my choice,

glasses should be ready in about a week. There was absolutely no hassle in walking in and getting what I wanted without having to explain anything.

For any of you who are in a like situation and are worried about hassles or embarrassing questions from sales people, my advise is:

A. We sometimes build up situations in our minds to be a lot worse than they really are.

B. Most of what has been written about how easy and usually hassle free it is for males to purchase female items for their own use is true.

C. Go for it. You'll never know how easy it is until you try, I didn't.

Have fun shopping
