Dear Eldon -

It was so good to see you again, even though we didn't get a chance for that long phone conversation. There was just too little time for all I had planned.

Here are the photos I took. I really like the one of you + me on the street.

Thank you, too, for feeding us all (even the uninvited) at the M + M. You'll be glad to hear I put on some weight during my Milw visit!

I love you, Eldon, and look forward to our next rendezvous. When are you coming to San Francisco??

Lou
