Paul Walker, Ph.D.  
██████ Union Street  
San Francisco CA 94123

Dear Paul:

As you requested, I attended the Gay Male Sexual Dysfunction Group at Pacific Presbyterian Hospital yesterday. Two urologists spoke to the group of about 25. Alec (the moderator) talked to me at length on the phone a few weeks ago, asking a lot of questions which I answered truthfully without disclosing my background. There will be no meeting next month, but there will be in June.

I also wrote to Biber and Kenney about the "genitoplasty" - Biber answered that he does not perform that type of surgery ("the penis is too small"), and I haven't heard from Kenney as of this date. However, through Kim Stuart and Lin Fraser, I learned that Dr. Michael Brownstein is now performing genitoplasty! Went to see him and he is willing to operate on me. This week I hope to see one guy who he did - Lin said he is very pleased with the results.

As I am very interested in having this operation done close to home, and Dr. Brownstein has done some surgery on my chest (with which I am pleased), I ask that you send the letter of recommendation to him for me. I would appreciate a copy of the letter, too. His address is: 601 Van Ness Avenue, Mezzanine Suite 2058, San Francisco 94102.

Thanks for your help, Paul. I feel like I'm finally coming alive to the world again just thinking that I may get this done after all.

Best regards,

P.S. Am enclosing the first issue of the Gay Historical Society newsletter, listing the other gay history groups you were asking about.
