Dear Bet,

First of all, thanks for the card, pictures and long letter. I am SO SO glad you found [REDACTED] ... your previous letters of hopelessness and loneliness were hard to hear.

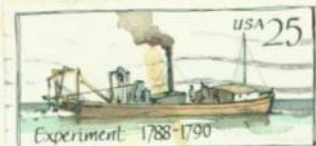

Secondly, I've had several letters from Dan Riley at IFGE (perhaps [REDACTED] knows him), and Dan has put together a female-to-male group there called The Adam Society. He specifically asked me if I knew of anyone who could speak to his FTM group about crossdressing and bedroom techniques, etc. and of course I thought of you. Even if you don't want to speak, I think you'll find Dan's group interesting:

My health has been very poor lately, so I'll keep this letter short and maybe follow with a longer one when I have more energy.

Regards,  
Lou
