

Fantasia Fair '94

September 9, 1994

Dear Participant of Fantasia Fair, 1994,

Thank you and congratulations for registering for the 1994, 20th Anniversary, Fantasia Fair. We know you will be pleased and happy that you have made this important decision. There are numerous items enclosed that will help you and the staff assure that this Fair will go smoothly with a minimum of administrative disruptions. First, take time to read and study the **Program Guide**. Note especially the sections on registration and program. After you have studied the program, please indicate your preferences on your **Program Workshop/Activities Check List** to reserve your space in those that you want to attend. It will be possible to transfer or add additional selections on a space available basis. Several of the work shops have limited attendance due to the program restraints or the size of the facility. This should be returned to the registrar as soon as possible.

Next, please complete and return your **Volunteer Participation Form**. Those of us who have been to the Fair before, know that the real joy of the Fair is being a part of the activities. Finally, complete and mail your **Arrival Card**. Unless you have already made arrangements for early arrival it is to late to do so at this date.

The attached **Registration Status** form indicates your room assignment and summarizes any balance due. Remittance of your lodging balance must be made on or before October 1, 1994. This may be done by check. (Please, no payments by mail after that date.) Payments at the Fair can be done by cash, Travels checks or credit card only.

If you have any major problems, concerning your participation in the Fair, you may leave a message at the Outreach Institute office (207•621•0858) until October 12. The phone at the Fair office (508•487•6622) should be operational by October 14. Looking forward to seeing you and having a wonderful time together.

Sincerely,

Alison Laing
