ECFTMG is a free support group since 1992 for all female-to-male transgendered, crossdressers, transsexuals, and our significant others. We are all-inclusive, safe, and nonjudgmental. We respect the right of each of us to decide our individual path, whatever that may be. We don't believe that there is any one "right way" to evolve as an FTM but that our diverse situations can be joined together in united community. It is this community that we build and for this community that we exist.
