

P.S. I wrote to Reverend [redacted] (pre-op F → M / TS) in November 9/79
saying that he never replied!! Could you please ask him to do so. Thanks. :-
Dear Lou,

I am extremely sorry for not writing you
sooner (but am enclosing a letter I wrote you some time
ago but never mailed). Please excuse.

"Thank you for your 2 complimentary copies
of "Gateway". I was very impressed with your
editorship and with the newsletter. Keep up the good
excellent work. I know how much time, effort,
energy + dedication goes into editing a newsletter
since I have been editing our quarterly "factual
journal: GENDER REVIEW" since January 1978

and am now just completing our No. 6 November
issue. ^{very best of luck with Golden Gate Girls/Guys.}

Director/Journal Editor, Box 891, Station F, Toronto,
Ontario, Canada M4Y 1T0). Please include
the above in your next issue in "Letters To The
Editor." Thanks. Also, please let's reciprocate
on ads (ours enclosed).

Please also note our new postal box
number! and new phone number.

I saw your photo (and Emmon's) in your news-
letter and you both look "really good" and I'm dying to
meet both of you sometime (but I don't know when!)

would love to come to San Francisco + Los Angeles).
Please give my warmest regards to Emmon - I will
write him soon (with the next "Gender Review").
personal stuff:

I started school (Canada Manpower Training Program -
offset printing course - August '79 to May '80) and this
takes an awful lot of my time and energy.

Also my arthritis (rheumatoid) and bad back have
severely limited my FACT work + personal correspondence
but I'm trying my best to catch up + get organized again.

I rented a 3-bedroom house (\$375 per month
excluding utilities) with 3 others: [redacted] (pre-op M → F
TS - my 'platonic' lover), Peter (Jamaican gay guy) and

[redacted] (pre-op M → F TS, FACT secretary -
Treasurer + my ex-lover). The household + personal
trips also distract me from my FACT work as the
house is too noisy + distracting to do serious work!

Whenever I think of ^{Jim which} Dirk Bogarde - I think
of you - and Emmon. I sincerely wish you had his book -
or rather, book of his films as I'm sure you'd love it!

I haven't yet had a chance to hear any music
by Bryan Ferry but I'd certainly like to as he looks
sexy/handsome guy!

You wouldn't believe the sex dreams I have of Dirk Bogarde
my best films of his are: Victim (about a homosexual lawyer),
Death in Venice, A Tale of Two Cities, The "Doctor" series,
Darling! and The Servant! What are your favourites?

Please write again soon about G.G.G./G and your personal
life.
Take care now. Love + Peace. Yours,
Nick
