

LAVENDER BALLOON

I have a Lavender balloon

I'm going to blow it up
quite soon

It's going to take me
to the moon

I'm simply waiting for
a tune

Together we'll fly away

WE'RE going to float right
through the day

WE'RE going to drift right
through the night

Together we'll be
out of sight

Me AND my Lavender balloon

Poem by Marsha
P. Johnson
