## Abstract

This collection contains various periodical clippings, correspondence, organization papers, service paperwork, legal documents, employment records, and documents regarding the public life of Phyllis Randolph Frye.

## Scope and Contents of the Materials

This collection covers the (mostly public) life of Phyllis R. Frye, from time as a member of the Texas A&M University (TAMU) Corps of Cadets as Phillip Frye, an undergraduate, through her transition to Phyllis in the 1970s in Houston, Texas, her activism through the 2010s, and her career. The scope of the collection goes back as early as the 1940s, but the bulk of its contents are from the 1970s on. Most of the collection is from Frye's public life, thus is Texas-based; however, because of Frye's national prominence, also includes national context on the movement for Lesbian, Gay, Bisexual, (and especially) Transgender rights.
