**NORBERT ALEMAN HAS LIVED A FABULOUSLY EXCITING LIFE.  
NO WONDER HE NOW SPENDS HIS TIME CREATING  
FABULOUSLY EXCITING SHOWS.**

Mix Beau Geste with Rebel without a cause, Houdini with Ziegfeld Follies, and you'll have something like a screen play for Norbert Aleman's real life adventures, now playing at a casino near you.

Norbert Aleman has brought a little bit of Paris to the Strip's Riviera with his two shows "AN EVENING AT LA CAGE" and "CRAZY GIRLS FANTASIE de PARIS."

It took a European style to lift the world of female impersonators and turn it into the magical world of illusion. Over the years, Las Vegas and other cities have had their share of celebrity impersonation shows. However, they always seem to fall short of quality, top notch entertainment. Aleman changed that with the \$2.5 million lavishly staged "AN EVENING AT LA CAGE," in Las Vegas. "LA CAGE," now in its fifteenth year at the Riviera, has been hailed by the critics and audiences as the best show of its kind ever to play in the neon forest.

"LA CAGE" has been nominated twenty-seven times for best show of the year, best production, best costumes, best specialty act, and best originality show.

Aleman concludes, "For me, producing this show in collaboration with some of the most extraordinary and creative people in the business, has been a great and rewarding adventure."

It is with great pleasure that I present to you tonight's performance of "AN EVENING AT LA CAGE."

Sit back, relax and let these very gifted artists take you to the edge of fantasy and reality. Believe me, you will not return unenchanted.

Good Luck!!
