

Dear Lou:

July '86

Congratulations on your genitaloplasty!

I wanted to phone you to congratulate you - and
I still might if I can afford it - on a Sunday.
Is your number still: 415- [redacted]?

Thanks for your letters to the editor,
Refraine review, cartoon - and six copies of
your book. They did get there in time for
our A-B-M and I sold one there and a
second one at the E-F-R-Y SOCIETY workshop.

Your ad expires with the NEXT issue of
the magazine (~~April-May~~ June-July). Do you want to
take out another ad - at \$5 per ad =
\$30 ^{minus} 5 (for one free ad) = \$25 total?

Please advise at your earliest possible convenience.
If you wish to send a letter to the

writer of "Anonymous" (gay f-in ts),
I will forward it. This person ([redacted])
lives with another gay f-in ts (both are
me-op), as lovers and room mates and both
are friends of [redacted] and [redacted] over ->

the phone on May 2nd when I was in Chicago as the featured guest speaker at the YGA - Windy City Chapter's "Spring Thing" - and wanted to get together with both of them but unfortunately, it wasn't possible. [redacted] and his lover

are both studying clinical psychology as they want to open up a practice together upon graduation. They are in very poor financial circumstances and don't even have enough money for hormones or for membership in MMRF. - a chronic complaint of many

TS's (male and female) I know - including myself. Kim Grant and I have been corresponding and she has agreed to write the Foreward to my upcoming Anthology of TS, TV and Androgynous Verse - which I hope to have completed by this Fall. Take care now. Your Brother, Duperr
