Dear Folks:

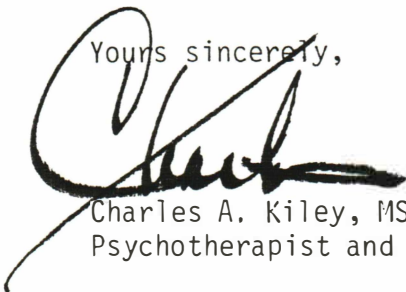

It is a tremendous pleasure for me to be able to announce to you that I have opened my own mental health clinic at the above address. It is State Certified and provides a broad array of services for those individuals seeking a safe and humane environment in which to engage in their growth work. Among the services offered is a substantial sexuality-related component which includes the Great Lakes Gender Clinic.

Please note the enclosed descriptive materials which outline the various services of the Institute and Gender Clinic. I will be pleased to hear from you should you have an interest in additional information about the work of the agency. Moreover, do feel free to refer people to us who might benefit from the kinds of programs and approaches that are available through the Institute.

I am happy to have arrived at a point in my career that I can guarantee a climate of clinical competence along with a spirit of dedication and consistency in the rendering of services to those who seek assistance with their struggles to become and remain healthful and whole. Integrity of care will distinguish the Institute in its relationships with all those with whom we come in contact.

Thank you for your support!

Yours sincerely,

Charles A. Kiley, MSW, ACSW
Psychotherapist and Director

*Hope you
are well. Love
the new letter!
Need some new
FTM books!
Charles*
