**in Provincetown Mass**

**Oct. 16 through 25, 1981**

## **All About Fantasia Fair**

**F**antasia Fair is a nine day vacation and living experience for crossdressers, transsexuals, their families and friends. It is held in Provincetown, Massachusetts at the tip of historic and beautiful Cape Cod in a friendly, secure, and caring environment. You need not fret about your ability to pass. Veteran fair-goers will make you feel comfortable, and there will be consultants available to help you with your comportment, etc.

### **Provincetown**

Provincetown is a combination fishing village-artist colony-tourist town with a unique live-and-let-live attitude. The Fair participants are free to wander about enjoying the magnificent Cape Cod scenery, many fascinating shops and fine restaurants, and to visit the museums.

Participants are not required to attend the full 9 days. They may attend for a day, a weekend, or whatever time and circumstance will allow.

Fantasia Fair is sponsored by The Outreach Institute. The Institute is a non-profit organization providing educational services to the CD/TS Community, and to the helping medical and psychological professions.

## **Fantasia Fair is for Fun**

We will have our quota of cocktail parties, PJ parties, dinner parties, pool parties, banquets, entertainment, and dancing. We will also offer plenty of outdoor activities such as volleyball and softball games (cheerleaders needed), bike, dune buggy and horse-back rides, shopping, sightseeing, and perhaps even a boat trip out to see the beautiful whales.

## **Fantasia Fair is for Confidence**

We will provide opportunities to meet the public at community socials, educational programs and a public dinner. There will also be ample opportunity to go out in public, to be on stage with such events as Fashion Show, and the Fan/Fair Follies.

## **Fantasia Fair is for Learning**

We will offer a Fashion/Beauty Course to both weekend and full week participants, and Androgyny/Awareness Workshop, and special seminars covering such topics as legal aspects, sociological aspects, and medical aspects.

## **Fantasia Fair is an Event**
